---

### West Craven Insurance

At West Craven Insurance we aim to give you and your business impartial help and advice to ensure that you have peace of mind.

Three things make us different to other insurances businesses:-

Unlike online services, we know the area you are from and we pride ourselves on delivering an excellent tailored service. Unlike the huge insurance businesses we don't see customers as an account number. Our friendly and enthusiastic team know and care about our customers. We underwrite our policies, so we are in a position to offer you the most competitive deals.

We won't offer you a one-size-fits-all solution, we'll ensure that you get the best cover for your circumstances.

West Craven Insurance Services' team are your local insurance specialists, offering you a personal service, with no call centres or automated telephones.

We're passionate about high quality service and building great relationships with our customers. We aim to beat every genuine quotation; one of our main priorities is saving you money. However, we'll always look to give you the most comprehensive cover to give you the maximum peace of mind.

We're based in Earby on the Lancashire-Yorkshire border, where our family business has been trading since 1993. We also have our Commercial Business Suite in Broughton Hall Estate to service our valued SME, Commercial and Industrial clients.

## COSHH assessments

**HSE have reissued EH40/2005, their guide to Workplace Exposure Limits.**

This is the fourth edition (published 2020) and can be purchased or downloaded for free from [HSE books](#).

If you need help with your COSHH assessments, please get in touch as we can assist you with these, either as part of a package or as a one-off service.

---

## Driver & Vehicle Standards Agency (DVSA) Inspections

Did you know that all occupational vehicles, including light commercial vehicles like vans and flatbed trucks may be stopped and inspected by a police officer, or a DVSA examiner?

Human Focus have developed a free e-Book that explains what needs to be covered during daily vehicle inspections to comply with DVSA inspections and how to avoid fines.

A free copy can be downloaded from their website [here](#).
